Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Saturday 18 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Murky in the east, clearer skies further west.

This Evening and Tonight:
Murky in the east as cloud lowers, giving rise to areas of mist. Best chance of any clear spells always to the west of Dartmoor, where winds will also steadily ease. Feeling cool but remaining largely frost free. Minimum temperature 3 deg C (37 deg F).

Sunday:
Any mist slowly clearing but leaving a cloudy day in the east. The best of any sunshine across Cornwall, with winds also picking up again. Feeling slightly cooler than Saturday. Maximum temperature 9 deg C (48 deg F).

Outlook for Monday to Wednesday:
Remaining dry and settled. Many areas cloudy at first but some sunshine is likely, especially on Wednesday. Fog possible overnight and feeling colder for most with increasing likelihood of frost.
